

This Day/From Now On

*GROUP SING BLUE TEXT

And we will come back home
And we will come back home
Home, again!

Time stands still, can't explain what I feel
If this is really real, nothing's ever gonna be the same
(Oh-oh, oh-oh-oh-oh, oh-oh-oh-oh, oh-oh)
I get to say goodbye to the struggle in life
Say hello to the sky, spread my wings and fly away
(Oh-oh, oh-oh-oh-oh, oh-oh-oh-oh, oh-oh)

Even though life's been knocking me down
I had to figure it out, see my way through the doubt
And when it seems I'm lost tryin' to find my way
What I got in my hands could be the spark
Turns it all around, could this be happening now?
'Cause all my life I waited for this day

Tell me what do you do when everyone's counting on you?
The decisions you make, the give and the take
The promises kept, and the ones that you break are the hardest to take
But who will always be standing by you
No, I won't give up, I won't give in
'Cause the day that you run might be the day that you win

Even when life's knocking you down
You always figure it out, see your way through the doubt
And when I'm lost you help me find my way
What you got in your hands could be the spark
Turns it all around, this is happening now
'Cause all my life I knew we'd see this day
I knew we'd see this day
I knew we both would see this day

You know all your dreams are calling
On this day
It's out there if you want it
Don't be afraid
Believe that now your best is yet to come
'Cause all my life (All your life)
I've waited for this day

And we will come back home
And we will come back home
Home, again!

The only thing that matters is right now (The only thing that matters is right now)

Forget about yesterday (Woah)
It's dead and gone away (Woah)
The only thing that matters is right now (Ooh)
Forget about yesterday (This is our moment)
It's dead and gone away (Baby, let's own it)
Oh, everything we wanted is happening right now
(Forget about yesterday) This is our moment
(It's dead and gone away) Baby, let's own it
Baby, let's own it right now

Forget about yesterday (Woah, my god)
It's dead and gone away (We waited for this day)
The only thing that matters is right now
All my life I've (All my life I've)
Waited for this (I've waited for this)
We waited for so long, so long
We've waited for this day
